

Every child is different and in a different place in their journey! Please use these ideas as appropriate for you, your child and your family.

LOVE PARENTING *Prompts*

INFANTS

*

You are demonstrating God's love to your baby every time you respond to their need. Today as you feed, bathe, comfort and change diaper after diaper, tell your baby that you love them and will take care of them, and that they are cared for and loved by God.

*

Play a worship song that reminds you of who God is and of His love for you. Have some snuggle time with your baby as you rest in God's presence: grab a soft blanket or favorite comfort item and hold your child as you sing along with the song.

Play the song throughout this week to remind you and your child of God's love.

*

We communicate incredible love for our children when we hold them close: they feel our embrace, hear our heartbeat and connect with our eye contact.

This week, hold, rock and squeeze your infant just a moment longer.

Put aside any distractions that might keep you from being fully present.

As you give them a squeeze, remind them that you are with them, that God is with them and that God loves them.

*

As a parent of a baby, you sacrifice time, money, sleep, comfort and more to meet your child's needs.

This week, with each sacrifice you make to meet your baby's needs, thank God for His sacrificial love for you and then tell your baby that you love them.
