VIDEO: "THE POWER OF GREAT FRIENDSHIPS"

Do you prioritize friendships in your own life?  
Are you setting a great example in this area?

Do you intentionally and consistently welcome  
friends and other families into your home?

Is your family making the most of every opportunity  
for friendship and connection by engaging in church activities and events?

What obstacles or challenges do you face  
when it comes to helping your child(ren) or teen(s)  
engage relationally with other peers from church/their ministry?  
How can you overcome or persevere through those?

What peer relationships are you helping your child  
(even starting as early as infants)  
or teen to foster in their ministry?
